2020 II

"From Strategies to Diversity for Every Day."

This year diversity, solidarity and responsibility gain its importance every day.
But how to implement and promote with success diversity strategies in the Czech environment?
How to create a link between activities of international headquarters and the Czech everyday reality?
How to make diversity "more human" and bring it closer to employees with an active support of the corporate top management?

We would like to invite you to the on-line conference that will take place on 9th October 2020 from 9.00 to 12.15.

The conference will be broadcasted live from the company DENTONS.
